!!Heartiest Congratulations and Best Wishes!!

It gives me immense pleasure, on behalf of the Government of Rajasthan and its people, to extend my heartfelt congratulations to you — **Mr. Varish Gahlot, Ms. Anisha Chandra, and Mr. Aditya Chandra** — for your extraordinary achievements in the field of Artificial Intelligence and Financial Analytics at such a young age.

Your internationally acclaimed research paper titled “**SMART-Eq: Structured and Unstructured Market Analysis using Retrieval Techniques and LLMs for Equities**” is a remarkable testament to your intellectual depth, innovative thinking, and unwavering dedication. The successful presentation of this pioneering work at the prestigious **World Skills Conference on Universal Data Analytics and Sciences** has not only brought laurels to you individually but has also filled the entire state of Rajasthan with immense pride.

At an age when most students are still exploring their academic paths, you have demonstrated exceptional maturity and ingenuity by seamlessly integrating structured and unstructured data with cutting-edge AI-driven insights. Your contribution to the SMART-Eq initiative reflects a rare combination of technical excellence, visionary thinking, and a passion for addressing real-world challenges in global financial systems.

You are truly the **Rising Stars** of Rajasthan. Your accomplishments exemplify the limitless potential of our youth and serve as an inspiration to thousands of students across the state.

The Government of Rajasthan is proud of you and fully committed to supporting young talents like yourselves. I am confident that this is only the beginning of your illustrious journey, and that you will continue to scale greater heights, bringing glory to Rajasthan and India on the global stage.

Once again, please accept my warmest congratulations and best wishes for your continued success in all future academic, research, and professional endeavours.

With warm regards,

(Suresh Singh Rawat)
